

## Air Quality Index

52

PM10

70

PM2.5

61

CO

2

- PM2.5 rating shows that the air quality is moderate.
- PM10 rating shows that there is moderate dust.
- CO rating shows that the carbon monoxide level is low.

Recommendations are:

1. Use air purifiers.
2. Limit outdoor activities.
3. Consult a doctor if needed.
